Everton Nursery School and Family Centre

Our Mission is to promote children's Educational and Social Development and help families have and achieve high expectations for themselves and the community.

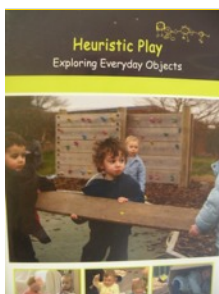

We outline this in our DVD, which covers our practice from birth to five and engagement with parents.

£15

Developing Children's Learning Outdoors

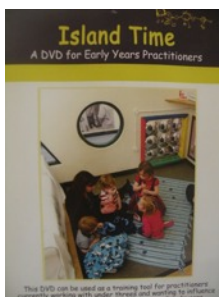

The outdoor world offers a wealth of excitement and natural wonders to develop the inquisitive nature of young children. Providing an enriching outdoor haven is essential in an early years setting as this is the place where young children can explore the awe and wonder of outdoors and have difference experiences, enjoying a real sense of nature, space and freedom.

£15

Heuristic Play: Exploring Everyday Objects

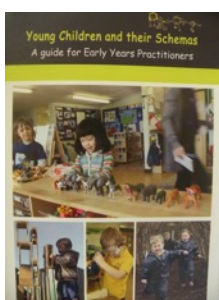

Heuristic Play is play with everyday objects and containers often made from natural materials such as wood, metal and pieces of fabric made from leather, silk or cotton. Heuristic Play offers children a wealth of sensory experiences to support their understanding of the world.

£15

Island Time: A DVD for Early Years Practitioners

This DVD can be used as a training tool for practitioners currently working with under threes and wanting to influence the experiences children have when attending daycare.

£15

Young Children and their Schemas

Here at Everton Nursery School and Family Centre in Liverpool, we have been observing and exploring schematic behaviour in children for many years. We have produced this DVD guide to share our knowledge and understanding with other nursery settings, child-minders and families.
